Objective

I am a 2nd year PhD student at William & Mary Computer Science with 2 years of industrial experience as a software engineer and more than a year of research experience as a Research Assistant. I am looking for summer internship positions, preferably research-oriented, in Software Engineering, Deep Learning, Machine Learning, and Natural Language Processing.

Education

The College of William and Mary, Williamsburg, VA — Aug 2022 - present
Ph.D. in Computer Science (GPA 4.00/4.00) | Advised by: Dr. Oscar Chaparro

University of Moratuwa, Sri Lanka — Feb 2016 - Jan 2020
B.Sc. Engineering (Hons) in Computer Science & Engineering (GPA 3.53/4.20)

Publications

- J Mahmud, **N De Silva**, S A Khan, S H Mostafa, S M Hasan Mansur, O Chaparro, A Marcus, and K Moran "On Using GUI Interaction Data to Improve Text Retrieval-based Bug Localization" accepted to *International Conference of Software Engineering*, ICSE 2024 [arxiv]
- Y Song, J Mahmud, **N De Silva**, Y Zhou, O Chaparro, K Moran, A Marcus, and D Poshyvanyk "BURT: A Chatbot for Interactive Bug Reporting" *International Conference of Software Engineering*, ICSE 2023 tool demo track [IEEE Xplore]
- G Gamage, **N De Silva**, I Perera, S Bandara, T Pathirana, A Wickramarachchi, and V Mallawaarachchi "Phylogenetic Tree Construction Using K-Mer Forest-Based Distance Calculation" in *International Journal of Online & Biomedical Engineering*, IJOE 2020. [IJOE].
- (**Best Paper Award**) G Gamage, **N De Silva**, A Wickramarachchi, V Mallawaarachchi and I Perera "Alignment-free Whole Genome Comparison Using k-mer Forests" in *19th International Conference on Advances in ICT for Emerging Regions,* ICTer 2019 [IEEE Xplore]
- N Bandara, **N De Silva,** H Guruge "Increasing the Quality of Patient Care through Stream Processing" – White Paper 2019 In [InfoQ]

Experience

Teaching Assistant, College of William and Mary, United States — Aug 2022 - Present
- CSCI 304-02 – Computer Organization – Fall 2023
- CSCI 241 – Data Structures – Spring 2023.
- CSCI 241 – Data Structures – Fall 2022.
- Research on applying Deep Learning/Machine Learning to improve automatic code comprehensibility.

Senior Software Engineer, Enactor, Sri Lanka (Branch of Enactor Limited, Hertford, UK) — Feb 2020 - July 2022
- Developed a customized React-based POS module for one of the enterprise-level customers.
- Improved code quality and efficiency by 20% of platform code after refactoring over 100 SonarQube-reported issues.
- Engaged in various design, development, deployment, quality assurance, and customer support tasks.

Google Summer of Code Intern, The Apache Software Foundation, Remote — May 2019 – Aug 2019
- Design and implement the modularized, reusable React components and
- make JAX-RS-based APIs more RESTful for Apache OODT 2.0. [project]

Software Engineer Intern, WSO2, Sri Lanka — June 2018 - Dec 2018
- Developed a Healthcare Data manipulation framework that supports global HL7/FHIR standards as my internship project. (Kafka/Zookeeper mechanism, stream processing-based data processing)
- Published a white paper in InfoQ which earns the attention of several clients in the North American region. [paper]

Skills

- Programming Languages: Java, Python, JavaScript, Bash, and CUDA.
- Operating Systems: Unix/Linux, MacOS, and Windows.
- Other: PyTorch, NumPy, Pandas, Scikit-learn, Docker, SQL, React, Android, OpenCV

Achievements

- Recognized for academic excellence on graduating with SGPA 3.98 /4.2 with an A+ for the bachelor's Thesis project. 2020
- The Best Paper Award at the International Conference on Advances in ICT for Emerging Regions 2019. 2019
- World Rank 330/7000+ - Deng AI-Driven Data competition 2019
- Sri Lankan Finalists – TAD Hack (Computer Vision based application to convert handwriting to PDF near real-time) 2017
- 4th place in the Hackathon – HACKLN 2017

Professional Qualifications/Activities

- Mentor and Judge @ Cypher VIII Hackathon at William and Mary, Williamsburg, VA — Oct 2022, Nov 2023
- Appointed as Apache OODT Project Management Committee (PMC) Member and Committer. — April 2021
